

# 3C News - April

## Important Dates

Here are some important dates to remember in April:

- April 1- Midterm for 4<sup>th</sup> Quarter
- April 6 - Midterms sent home
- April 12-13 - Hands on Science Museum Lyceum
- April 14 - Spring Parties (Party in a Bag)
- April 15 - No School/Good Friday
- April 18 - No School/Spring Break

## IAR Testing

Your student will be taking the IAR tests April 4 - April 8. This can be a very stressful week for students. Please just remind them that they have been working hard, and they are prepared. Encourage them to relax and try their best. It is very hard to concentrate and do your best when you are hungry. So please encourage your child to eat a hearty breakfast. Lastly, it is very important that your student is in attendance on the days of testing. Please try not to schedule appointments during this week.

## What's Happening in 3C!

Wow! Our year together is almost over. I can't believe it. We are all getting excited about the warmer weather. Please remind your child that they have to continue to work hard because we have a lot to cover before the end of the year. They also need to be continuing to read AR nightly.

Next, we will be studying countries in Social Studies. Your student will be learning so many neat things as we "travel" to other countries

In Math, we will continue our chapter on perimeter and area, followed by our chapter on time and measurement. The students are working so hard!

In Reading, we will be ending our year with one of my all-time favorite books, Charlotte's Web. I hope the students enjoy it as much as I do.

## Harry Potter Day

In the past, for a special award, Mrs. Carder and our paraprofessionals had put together a very special Survivor Day. Students compete for several weeks in a number of challenges both academically and physically. This year, we are planning to still have competition, but we are changing our theme to Harry Potter. Encourage your student to be a great teammate. It is important to work hard and encourage your team. One of our past challenges was to collect box tops. Please start saving those now, just in case our team needs them!
