

FLORA COMMUNITY UNIT SCHOOL DISTRICT #35

STRATEGIC PLAN

*Our Children are
Our Most Precious
Possession*

FLORA COMMUNITY UNIT SCHOOL DISTRICT #35

The district goals and objectives were developed through the input of parents, students, teachers, administration, board members, and community members and will serve as the driving force as we work together to make our school district the best it can possibly be for our students.

CURRICULUM

Objectives:

- Continue collaborative work between the administration and staff to ensure curriculum is aligned and communicated between and across grade levels.
- Continually evaluate and modify curriculum and class offerings to ensure it meets the needs of all learners and offers a wide variety of electives and vocational offerings for students.
- Ensure adequate time for professional development, meetings, and communication between and across grade levels.
- Ensure consistency in curriculum, communication, and grading within and across departments and grade levels to facilitate smooth transitions between grades and buildings.

FINANCES

Objectives:

- Ensure allocation of resources includes a focus on curriculum and needed educational resources.
- Continue to be fiscally responsible to ensure financial stability.
- Explore additional grant opportunities to offset lack of funding for education.
- Ensure adequate staffing and manageable class sizes to provide the best education for students.

BUILDINGS AND GROUNDS

Objectives:

- Continually evaluate and address the district's facility needs to enhance their appearance and condition in order to provide the best possible learning environment for our students.
- Continually maintain the condition and cleanliness of the buildings and grounds in order to increase community, staff, and student pride in the school district.
- Continually monitor, evaluate, and update the district's safety plans and procedures to ensure the safety of the students in the buildings.
- Continue long range planning for facility improvements and upgrades including the construction of the new elementary school.

TECHNOLOGY

Objectives:

- Continually evaluate and update long range technology plans, with guidance from a district technology committee, in order to stay current on hardware, software, bandwidth, network infrastructure, and teaching of technology.
- Continually increase the use of technology for communication within the district and to the community as well as maintaining an updated website to use as a source of information about the school district.
- Provide continuing technology training to staff to ensure consistent utilization of technology in the classroom.

TRANSPORTATION

Objectives:

- Ensure consistent creation, communication, and enforcement of safety and discipline policies and procedures on buses to maintain student safety.
- Continually evaluate and monitor school, athletic, and extracurricular transportation to ensure efficiency.
