Children are our most precious possession.

June 2024

Calling All Volunteers!!

We are beginning the process of revising and updating our three-year strategic plan in order to continuously improve our district and the education we provide to our students. The strategic plan will identify goals and objectives to focus on over the next three years as well as identifying yearly activities that are tied to the goals. An integral part of the improvement process is getting input from you on our strengths and areas for improvement. To gain this input, we will be creating a focus group that will meet in August or September to help us identify areas for improvement as well as possible goals, objectives, and activities to focus on over the next three years.

If you are interested in being a part of the focus group, please email jhackney@floraschools.com for more information. We are excited to work together with you as we continually put students first and strive to improve.
