**March 2024**

## ***2023-2024 School Calendar Change***

The Board will formally approve the revised 23-24 school calendar at the March meeting to reflect emergency days that have been used. In addition to the adjustment for the emergency days, there will also be an adjustment to make Monday, April 8th a not in attendance day. The solar eclipse is occurring on April 8th. Based on the guidance we have received from state and local emergency agencies, there is the potential of a large number of people coming to this area for the event. Due to the timing of the eclipse, this could cause issues in efficiently and safely transporting our students home from school. The April 8th day will need to be made up at the end of the school year so with the two emergency days and the Eclipse Day our last day of school is currently May 22nd for this year.

## **2024-2025 Calendar**
