Alumni of the Month Coming Soon

Watching the actors tell the stories that make up the rich history of Flora recently at the “Shadows of Elmwood” cemetery tour, I was reminded of how important it is to remember and pay tribute to the past. Like the city of Flora, the Flora school district also has a rich history and tradition with many alumni that have went on to great success. With this in mind, we will soon begin recognizing our past through an Alumni of the Month program.

The purpose of the Alumni of the Month is to recognize Flora graduates who have contributed to society and community; to the betterment of mankind; and who have achieved lasting recognition in their chosen occupation or other endeavors. To be selected, an individual must be a ten year plus graduate of Flora and can be living or deceased. A nomination form will be created for nominating individuals and self-nominations will not be accepted.

Contribution to society and community: efforts that have earned recognized awards, measurable success, or long lasting impact on local, regional, statewide, or national level
Betterment of mankind: volunteer or service award or recognition, discoveries, inventions, life-long work in a particular field in which recognition is achieved
Occupational/Endeavor Recognition: recognized for exceptional talent or long-term success in a chosen field, occupation, or other endeavor.

Any individual that meets the criteria will be featured and will appear in the superintendent’s newsletter and newspaper article. The feature will appear in the paper in the order the nominations are received.

We hope you will consider nominating individuals that have made an impact not only in our school district but also beyond. Thank you for all you do to continue to make our school district great and continue to build on what our alumni, former Boards of Education, administration, and staff have built.
